Dr. med. habil. Carolin Hauptmeier
(geb. Gramsch)

Isolated cerebral susceptibility artefacts in patients with malignant melanoma: Metastasis or not?

Gramsch C, Göricke SL, Behrens F, Zimmer L, Schadendorf D, Krasny A, Forsting M, Schlamann MU.

2013 · European Radiology

Learning pain-related fear: neural mechanisms mediating rapid differential conditioning, extinction and reinstatement processes in human visceral pain

Gramsch C, Kattoor J, Icenhour A, Forsting M, Schedlowski M, Gizewski ER, Elsenbruch S

2014 · Neurobiology of Learning and Memory

Diagnostic value of 3D fluid attenuated inversion recovery sequence in multiple sclerosis

Gramsch C, Nensa F, Kastrup O, Maderwald S, Deuschl C, Ringelstein A, Schelhorn J, Forsting M, Schlamann M

2014 · Acta Radiologica

Can we now dispense with DSA in the evaluation of aneurysm occlusion even in the most crucial first follow-up after endovascular treatment?

Gramsch C, Zülów S, Nensa F, Maderwald S, Göricke S, Ringelstein A, Müller O, Sure U, Wanke I, Schlamann M

2016 · Clinical neurology and neurosurgery

Nigrosome 1 visibility at susceptibility weighted 7T MRI-A dependable diagnostic marker for Parkinson's disease or merely an inconsistent, age-dependent imaging finding?

Gramsch C, Reuter I, Kraff O, Quick HH, Tanislav C, Roessler F, Deuschl C, Forsting M, Schlamann M.

2017 · PLoS ONE

Association of aneurysms and variation of the A1 segment

Krasny A, Nensa F, Sandalcioglu IE, Göricke SL, Wanke I, **Gramsch C**, Sirin S, Oezkan N, Sure U, Schlamann M

2014 · Journal of Neurointerventional Surgery

Intracranial hemorrhage detection over time using susceptibility-weighted magnetic resonance imaging

Schelhorn J, **Gramsch C**, Deuschl C, Quick HH, Nensa F, Moenninghoff C, Schlamann M

2014 · Acta Radiologica,

Neural underpinnings of placebo hyperalgesia in visceral pain: A fMRI study in healthy volunteers

Schmid J, Bingel U, Ritter C, Benson S, Schedlowski M, **Gramsch C**, Forsting M, Elsenbruch S.

2015 · NeuroImage;

Value of DSA in the diagnostic workup of pulsatile tinnitus

Deuschl C, Göricke S, **Gramsch C**, Özkan N, Lehnerdt G, Kastrup O, Ringelstein A, Wanke I, Forsting M, Schlamann M

2015 · PLoS ONE

Frequency and predictors of acute ischaemic lesions on brain magnetic resonance imaging in young patients with a clinical diagnosis of transient ischaemic attack

Tanislav C, Grittner U, Fazekas F, Thijs V, Tatlisumak T, Huber R, von Sarnowski B, Putaala J, Schmidt R, Kropp P, Norrving B, Martus P, **Gramsch C**, Giese AK, Rolfs A, Enzinger C
2016 · European Journal of Neurology

Diagnostic impact of integrated 18F-FDG PET/MRI in cerebral staging of patients with non-small cell lung cancer

Deuschl C, Nensa F, Grueneisen J, Poeppel TD, Sawicki LM, Heusch P, **Gramsch C**, Mönninghoff C, Quick HH, Forsting M, Umutlu L, Schlamann M
2017 · Acta Radiologica

Tumor response assessment: comparison between unstructured free text reporting in routine clinical workflow and computer-aided evaluation based on RECIST 1.1 criteria

Goebel J, Hoischen J, **Gramsch C**, Schemuth HP, Hoffmann AC, Umutlu L, Nassenstein K
2017 · Journal of Cancer Research and Clinical Oncology

Implementation of Transforaminal Endoscopic Lumbar Sequestrectomy in a German University Hospital Setting: A Long and Rocky Road.

Bender M, **Gramsch C**, Herrmann L, Kim SW, Uhl E, Schöller K
J Neurol Surg A Cent Eur Neurosurg.
2019 · doi: 10.1055/s-0039-1694040.

In vitro examination of the thrombolytic efficacy of tenecteplase and therapeutic ultrasound compared to rt-PA

Frühwald T, Gärtner U, Stöckmann N, Marxsen JH, **Gramsch C**, Roessler FC.
2019 · BMC Neurol.. doi: 10.1186/s12883-019-1404-5

Diagnosing moyamoya syndrome using ultrasound - a case report

Braun T, Juenemann M, Gündüz D, Schmetsdorf S, Roessler F, Grams A, **Gramsch C**, Tanislav C
2015 · BMC Neurology

Chudley-McCullough Syndrome: Variable Clinical Picture in Twins with a Novel GPSM2 Mutation

Koenigstein K, **Gramsch C**, Kolodziej M, Neubauer BA, Weber A, Lechner S, Hahn A
2016 · Neuropediatrics

Long-term follow-up of meningeal spread of otherwise stage 4S neuroblastoma without treatment

Meinhardt A, Becker B, Hero B, **Gramsch C**, Steiner D, Woessmann W
2017 · Pediatric Blood & Cancer
